TOP PERFORMING SCHOOLS IN EACH OF THE FIVE SUBJECTS ARE **SHADED**

Reading this chart.

The shaded boxes indicate those schools which achieved the highest levels of performance in each subject area. There are eight to nine schools per category that are shaded. The top schools not only had more "shaded boxes" but they also had high performance in at least three subject areas. I also emphasized those schools which had the highest percentage of students in the "Advanced" column by underlining them. This list is sorted in the same manner as the "Top 59" list.
